OREPARED from the pure African Ginger, and war-ranted to be a stronger preparation of the kind that ts bond have a place to stomach and internal its bond have a place to every family, as it imple and efficacious in its operation, telieving y and innoceptly without producing any injects or consequences; which cannot be said of the a.

fects or consequences; which cannot be said of all medicines.

At this season of the year, when attacks of the Diarr has and Bowel Complaint are so prevalent, this article can hardly he too nucb used. It prevents as well as cures diseases of this kind.

To travelers and those exposed to changes of climate and water, this remesty is especially resonanceded. It counteracts to a great extent the injurious effects of bad water, as well as undue exposure to beat and dampness. A few dose of this medicine will prevent attacks of disease, avert lingering illness and perbaps death.

Much difference exists in the quality of the root obtained from different parts of the world, some samples containing comparatively but little atrength. The African Glinger is found to possess greater strength than any other variety. This is the article used in this preparation. Put up in 4 oz. bottles. Price 25 cents.
